MEMORANDUM

26 May 1950

TO : Legal Staff
ATTN : 
FROM : Finance Division

25X1A

SUBJECT: War Agencies Employees Health Association

In compliance with your verbal request I have discussed the matter of a contract between subject Association and this Agency with Mr. Stacy Beebe of WAEPA who has agreed to sign such a contract. Further, the subject of insuring "non-employees" who are paid from CIA funds on a contractual basis has been discussed with Mr. Beebe, and he stated that for insurance purposes contractual agents would be considered in the same class as our employees provided their salaries were paid from funds appropriated by Congress.

It is therefore suggested that your office prepare a contract between CIA and WAEPA including clarification of your question in regard to "employees" - "non-employees" status of individuals paid from funds of this Agency. Further, it is suggested that a clause be included in the contract to the effect that some of our "non-employees" are not full citizens of the U. S. but have taken out their "first papers."

The contract when drawn up should be forwarded to the undersigned who will obtain the signature of Mr. Beebe, representative of WAEPA.
